With twenty commissioners present, a quorum was established.

Commission positions filled: 23
Commission positions vacant: 1
Commission quorum: 13

2. INTRODUCTIONS
Two new commissioners attending this evening: Jim Dexter, Alternate from City of Martinez and Michel Masuda-Nash, Alternate from City of San Ramon.

3. PUBLIC COMMENT
None this evening.

4. ACCEPTANCE OF THE MINUTES
Chair Fischer made a suggestion for rewording the Public Comment paragraph in the minutes from November. Commissioner DeFraga made a motion to approve the revision. The motion was seconded by Vice Chair Gemmer.

The motion was approved by consensus of the commission.

Next a motion was made by Commissioner Wilson to accept the minutes with the revision. The motion was seconded by Commissioner LeFrak.

The motion was approved by consensus of the commission.

5. ITEMS OF INTEREST TO THE COMMISSION AND ANNOUNCEMENTS –
Commissioner Hoisington: Commissioner Hoisington began with a reminder of the Lafayette Library’s monthly WOW program titled “Let’s Talk Table Talk.” It will begin at 2pm on February 9th and you must register beforehand to participate. She also shared that like other Friends groups around the county, book sales at the Lafayette Friends Bookstore and their online sales as well have been on the rise lately. This is great news, as aside from the monthly rent the Friends pay to the city for the Bookstore, all the rest of the income goes to support the Learning Center and programs at the library.

Commissioner Dexter: Wanted to extend a big “Thank You” to the commissioners that participated in his recent orientation meeting.

Commissioner Swernoff: Wanted to note that the City of Orinda is in the process of adding a mural to the side of their building to enhance the downtown space and add a bit of life to the area it’s in.

Commissioner DeFraga: Wanted to welcome his new alternate, Jim Dexter, to the commission. The City of Martinez had been somewhat resistant to the idea of adding an alternate commissioner to the commission because they didn’t really understand the need for one. He worked with Library staff Walter Beveridge, who went over and above what his job description would require, to educate the city clerk of Martinez. Together they were able to demonstrate the value of an alternate since this will ensure that the City of Martinez will always have someone present to vote on their behalf.

6. CCC GENERAL PLAN –
Will Nelson from the County’s Department of Conservation and development did a PowerPoint presentation for the Commission, which is appended to these minutes.
7. PLEASANT HILL LIBRARY -
Senior Community Librarian Patrick Remer and City Engineer Ananthan Kanagasundaram did a PowerPoint presentation, which is appended to these minutes.

8. RACIAL EQUITY TRAINING –
County Librarian Alison McKee and Senior Community Library Manager Alison Peters gave a PowerPoint presentation which is appended to these minutes.

9.A. Legislative Working Group –
Vice Chair Gemmer began by acknowledging Commissioner Alan Smith’s years of dedicated service leading legislative efforts on behalf of the Contra Costa County Library and Library Commission. After 19 years, Commissioner Smith is stepping down from this working group. Any commissioners interested in working on the legislative committee, or any legislative efforts for the library commission, should let Walter know.

Governor’s Proposed Budget:

On January 10, 2022, Governor Newsom proposed the FY22/23 budget, and it contained some very good news for libraries. First, a $5 million increase for the Lunch at the Library program. This new funding is not only a significant increase from the current funding level of $800,000 for the program but is also a proposal which recommends that this funding be ongoing. The Contra Costa County Library already participates in this program and would benefit from this increase. Second is an $8.8 million increase for online job training and workforce development. These are one-time funds and support two additional years of free online job training and educational upscaling programs available through local public libraries. These resources are currently offered by our library system and would be available for about two more years if funding is approved. Third, the CLA has identified increased funding for the California Library Services Act as one of its 2022 legislative priorities. The CCCL is currently a member of the Pacific Library Partnership, which is a CLSA system. Funding for systems is at the FY21/22 level in the Governor’s proposed budget. Additional funding for the PLP could offset costs for CCCL to participate in Link+

Additions and changes can be made to the Governor’s proposed budget and would be included in the budget version that is released in May, called the May Revise.

The recommendation from the Legislative Committee is that a letter in support of the Governor’s proposed 22/23 budget and a letter requesting support for additional funding for CLSA systems be considered at the March 17th commission meeting to forward to the Board of Supervisors for their endorsement.

Measure X Funding:

The BOS has made allocation decisions for most of the sales tax funds generated by Measure X. As of December 2021, there was approximately $11 million in one-time funds and $750,000 in ongoing funds that remained uncommitted. The Board of Supervisors is expected to make decisions on these remaining funds at their February 22nd meeting. The CCC Librarian submitted a request for $200,000 of ongoing funds for staff for the library’s new early literacy outreach van, and $8.1 million in one-time funds for deferred maintenance on county-owned Library facilities.

The Contra Costa Library Foundation Organizing Committee (CCLFOC) also submitted a request for $300,000 for one-time funds to help establish the foundation. The recommended action for the commission is to authorize the commission chair to send letters of support to the BOS for the requested library funding and for the organizing committee request.

Vice Chair Gemmer then made a motion to approve the chair to write and send these letters of recommendation to the BOS. Commissioner A. Smith seconded the motion. Chair Fischer called for discussion and there being none, asked if anyone was opposed.

Seeing no opposition, the motion was passed by consensus vote of the commission.
9.B. Library Foundation Working Group –
VC Gemmer reported that on December 5th the CCLFOC submitted a proposal to the BOS Finance Committee for $300,000 in one-time Measure X funds to help establish the foundation. Items emphasized in that proposal were rationale and structure. CCC libraries suffer from insufficient funding and the lack of a countywide foundation to enhance public funding, particularly relative to the funding structure of other surrounding Bay Area counties. Also discussed were the systemic disparities that result from the uneven contributions of Friends and Foundation groups and cities/towns to particular libraries, which manifests in differences in open hours, programming and resource quantity and quality. The proposal highlighted the intent of the foundation to be an independent non-profit that works with the community to raise funds for critically needed programs and services for the library system. It also emphasized that the foundation will seek opportunities for potential collaboration and organizational development with our local library foundations and friends groups.

The foundation’s initial priorities include funding for electronic resources that can be used by all county residents, strengthening the capacity of library support groups through an affiliate program, and developing capital projects in impacted communities.

One final item to reference from the proposal is that Measure X offers a unique opportunity for the county to spearhead the development of the Contra Costa Library Foundation and would signal the Board’s endorsement of its creation. We would expect that this support would be a catalyst for significant new streams of income for the library and would pay many dividends to our communities.

On January 17th the proposal was amended to include additional data and support related to library funding, similar countywide foundations and nearby counties and the impact of funding disparities on branch libraries within the county system. It is expected that the proposal will be presented to the Board in February. VC Gemmer closed by mentioning her appreciation to the commission for their support for the proposal by approving the sending of a letter of support to the BOS.

VC Gemmer then shared with the commission that the foundation organization team has a new member: Katherine Bracken, commissioner from Pleasant Hill, has joined the team. She has jumped right in to offer feedback and insight.

The foundation group’s focus over the next several months will be supporting the Measure X proposal, continued definition of the foundation goals and structure, and work towards confirming a fiscal sponsor relationship.

10. COUNTY LIBRARIAN REPORT –
County Librarian McKee began by mentioning her remarks tonight would only be items worth mentioning that weren’t available at the time the packet was sent to Print & Mail. New resources that are available are Get Set Up and Coursera. Next she welcomed the two new commissioners: Jim Dexter, alternate from Martinez, and Michel Masuda-Nash, alternate from San Ramon.

Finally, Alison wanted to reiterate the Legislative Group’s thanks to Commissioner Alan Smith. Alison has worked for the library for twenty years and Alan has been the Legislative liaison for the entire time. He has done a fantastic job, showing us all how it’s done. She is glad he finally has the chance to sit back a bit and let some new people carry the flag on this effort. Thank you, Alan, for everything you’ve done on that front and continue to do as a library commissioner!

11. AGENDA SETTING FOR NEXT MEETING AND FUTURE TOPICS –
No topics were offered so commissioners were invited to send any thoughts to Walter.

12. ADJOURNMENT TO THE March 17, 2022, LIBRARY COMMISSION MEETING.

The meeting was adjourned at 8:58 p.m.

Envision Contra Costa 2040
General Plan  Zoning Code  Climate Action Plan
Environmental Impact Report

ENVISION CONTRA COSTA 2040
What is the General Plan?

- "Constitution" for land use planning:
  - Local jurisdiction's highest planning document
  - The basis for a jurisdiction's land use decisions
  - Establishes a vision and provides consistent direction for future development
  - Balances growth, conservation, and quality of life

Why is the General Plan Important?

The General Plan affects many aspects of our lives, including:

- Housing and job opportunities available in our communities
- Community character and design
- Public facilities and services (police, fire, parks, flood control, etc.)
- Roadway design and construction
- Risks to people and property from natural and human-caused hazards
- Resource conservation
**Why Update the General Plan Now?**

- Existing General Plan is 31 years old and doesn't address many of the challenges communities currently face
- SB 375 – Sustainable Communities Strategy/Plan Bay Area
- AB 379 – Climate Change Adaptation and Resilience
- SB 1000 – Environmental Justice
- Numerous laws related to housing
- New laws related to wildfires and public safety
- Consistency with other plans and initiatives (Local Hazard Mitigation Plan, Adapting to Rising Tides, Land Use and Resource Management Plan for the Delta)

**Components of the General Plan**

- **Required Elements**
  - Land Use
  - Transportation
  - Safety
  - Noise
  - Open Space
  - Conservation
  - Housing

- **Optional Elements in Current General Plan**
  - Growth Management
  - Public Facilities/Services

- **New Element for 2040 General Plan**
  - Stronger Communities
Components of the General Plan

» **Goals:** Describe the result sought by the County. Each goal has one or more associated policies and/or actions.

» **Policies:** Statements that guide decision-making as the County works to achieve the associated goal.

» **Actions:** Measures, procedures, or techniques the County implements to achieve the associated goal.

» **Narrative:** Background, context related to the various topics covered in the General Plan.

» **Graphics:** Maps, charts, photographs, etc. Some graphics are regulatory while others are contextual.

---

Four Themes Throughout the New Plan

» **Economic Development**

» **Environmental Justice**

» **Sustainability**

» **Community Health**
**Land Use Map**

- Land use designations specify types and intensities of development, public uses, land to be preserved, etc.

**What is the Zoning Code?**

- Zoning map and districts
- Regulations that control physical development
  - Permitted uses
  - Permitting requirements
  - Specific site development standards – setbacks, parking, lighting, signage, fences, trash enclosures, etc.

- **General Plan vs. Zoning Code**
  - Zoning Codes implement the General Plan with specific development regulations:
    - General Plan = “Residential”
    - Zoning Code = “Single-family; Multiple-family”
Climate Action Plan (CAP) Update

» What is the CAP?
  • Sets greenhouse gas (GHG) emissions reduction targets for the county
  • Establishes a plan to reach those targets
  • Implements the climate-related policy direction of the General Plan

» Why is the CAP being updated?
  • State law has changed since the CAP was adopted in 2015
  • New GHG reduction strategies are available
  • Evolving understanding of resilience and adaptation to climate change
  • Opportunity to improve how the CAP is implemented
  • CAP can better integrate with the new General Plan

Environmental Impact Report (EIR)

» California Environmental Quality Act (CEQA) requires disclosure of a project’s potential impacts on the physical environment

» EIR must:
  • Disclose information about the effects the project could have on the physical environment
  • Identify measures to mitigate environmental impacts
  • Describe feasible alternatives to the proposed project

» Public review
  • Initial 30-day scoping period – tell us what to analyze
  • Minimum 45-day review of Draft EIR – comment on the analysis
Opportunities for Public Involvement

Library-Related Goal, Policies, and Actions

» **Goal**: Library services that meet the informational and social needs of county residents.

» **Policy 1**: Locate library facilities and services along well-traveled thoroughfares and transit routes accessible to the greatest number of people and in newly-developed areas.

» **Policy 2**: Ensure the County's budget provides adequate funding for maintaining and improving library operations.

» **Action 1**: Develop library service and facility standards, identify standards not being met, and seek necessary funding to achieve those standards.

» **Action 2**: Adopt a library impact fee for new development.
