

READ, RENEW, REPEAT

Summer Reading Activity

Nature Mandala

Mandala means “circle” or “container of essence” in Sanskrit. A mandala is a symmetrical design of patterns or symbols. For this activity, use items you find in nature, like leaves, sticks, or flower petals, to fill in the design and create your Nature Mandala. Can you design one without using our pattern? If you post it, use #ccclibsummer so we can see it too!
